Request for Approval – HON 360 Honors Internship

Please return the completed form to associate dean Debra Young. **A syllabus for your proposed HON 360 MUST be attached to this application.** Dr. Young will contact you when the internship has been approved for HON 360 or to schedule an appointment for further discussion. You cannot receive approval to use HON 360 for an internship already completed. The SMBHC strongly recommends that you talk with an Honors dean *before* you submit a request for approval to use HON 360 as an academic home for an internship.
