(Sophomore, Junior, Senior)

If known, describe the type of capstone experience you plan to do or are doing, including the academic terms in which the research/practicum/project and thesis will be done.

What do you hope to gain by participating in the SMBHC Honors Scholars Program?

(Over)

Honors Scholars Program students must take at least one 3-hour honors course in addition to any credit earned for the capstone experience. In reviewing past honors course offerings (<https://www.honors.olemiss.edu/honors-courses/>), what courses might most meet your needs or interests?

One requirement of the Honors Scholars Program is community action, everything from traditional community service to involvement in a course to address a community need (for more information, visit <https://www.honors.olemiss.edu/students/special-programs/community-action/>). How are you involved in giving back to your community?

**OPTIONAL:** Please share anything else that you would like the Honors Scholars Program admissions committee to know about you.
